This screenshot shows the 'My Account' settings page. Under 'Programs and devices', there's a section for 'Office'. It shows language as 'Chinese (Taiwan)' and version as '64-bit'. There are icons for Word, Excel, PowerPoint, OneNote, Access, Publisher, and Outlook. A large red button labeled 'Install Office' is visible. Below this, there's a section for 'Business Skype' with language set to 'English (United States)', version '64-bit', and a 'Install Skype' button. At the bottom, there's a note about getting Office on mobile devices with links for iOS, Android, and Windows.

5. 安裝成功後即可使用。
